

Weekly Citizen

ALBUQUERQUE, APRIL 18, 1896.

WEEKLY CROP BULLETIN.
Issued by H. B. Hersey, Section Director,
Santa Fe.

From Wednesday's Daily.
Dr. G. W. Harrison returned this morning from the west.

W. H. Sinclair, of Galveston, Texas, is at the San Felipe.

Capt. W. H. Lilly, a cattle buyer and raiser, is in the city.

Col. D. Bonsell and wife, residing at Raton, are at Sturges' European.

Dr. A. G. Ronseville, a prominent physician of Williams, is in the city.

Rev. W. E. Foukis is down with his gripe, but expects to be out in a few days.

Mrs. Brumley of Belen, came up from the south last night and is at the Jabs Inn.

Bethel Reinhart, Mary J. White is the title of a case that is on before the district court this.

A. Harsch has fixed up the Coach wagon road, and made it quite passable for heavily loaded teams.

The county commissioners are in session to-day, and the usual name question was before the board.

Rev. Thorstein arrived on the noon train, and is greeting a large crew of personal and political friends.

Mrs. A. L. Johnson, a plowing writer will hereafter assist in preparing the society and church notes for THE CITIZEN.

W. L. Price, of Salida, Colo., Dr. S. Easterday and McNamee of Kelly, Dr. S. Stoer, were introduced at the country club last night.

Jefferson Baileys, the well known banker, who resides between El Paso and Las Vegas passed through the city last night for the latter place.

Paul Bates the broker, is reported to be sick to-day. Paul is an invalid in the "healthiest expression of the world," had his remarkable determination.

Charles M. Smith, a prominent representative of the Capital Life Assurance Society, was at the San Felipe yesterday. He left this morning for the south.

At the Presbyterian parsonage last evening Rev. L. C. Beale uniting in marriage Fred W. Ellingson and Miss Elsie Burton, both of Raton, N. M.

José Chaves the live stock dealer for the Santa Fe railway returned to the city this morning from La Junta Junction. He leaves this afternoon for Los Lunas.

Capt. J. W. Fleming, mayor of Silver City and territorial coal mine inspector, came in from the south last night and left on this morning's No. 1 passenger train for Gallup.

Jack Black who essayed to conduct the Zenger case has skipped the city, and there are a few creditors left behind to mourn his absence. He was seen in Las Vegas yesterday.

Messrs. Kasmann and Springer, the ticket agents at the depot were two tired young men last night. The delayed passenger train from the north kept them up for nearly twenty four hours.

W. F. Shouse, president of Colorado College at Colorado Springs, Colorado, arrived in the city to-day, accompanied by his wife. While in the city they will be the guests of Rev. F. H. Allen.

Mrs. McNeight left last night for Denver on business, and where she will make some personal selections for her customers, thus adding to her already complete spring and summer millinery stock.

The ladies of the Non-Sectarian Benevolent association extend their sincere thanks to the ladies of the Guild for their kind and generous donation of \$20 from their Lenten offerings. Mrs. D. E. Trimble, Secretary.

Four of the smartest young gentlemen in the city stop at the San Felipe. They are so smart that sometimes they register their names from all parts of the globe. A column article could be written about these four young men.

Mrs. Dr. Wm. White and two daughters, and Miss Alice Rogers and Miss Anna A. Hall left the city last night for Denver, being soon seen again on the train to Mr. Heineman. Miss Albin had been sleeping in the city the past year.

Jacob Trattick and Max Solier, who have been running the Phenix saloon on North Third street, have given up their business here and will remove to Gallup. O. Bachechi & Co., for the time being, will take charge of the business.

The ladies of the Congregational church intend having a "May Day" Saturday evening, May 4, consisting of useful and fancy articles, ice cream and cake will be served and a general good time is expected.

A. B. N. Coates Esq., editor and publisher of the San Juan Times, at Farmington, is in the city to-day, and made a pleasant call at THE CITIZEN office. He is on his way home from Santa Fe, where he has just been admitted to the New Mexico bar.

Hon. F. A. Hubbell, assessor of this county, returned from Gallup last night. He states that he was agreeably surprised at the growth of Gallup and is rather roughly convinced that the people of western Bernallito and Valencia counties are entitled to a new county.

H. A. Brunner, of Olathe, Kansas, who has been mining down in the city of Mexico, passed through the city last night for Telluride, Colo., where he will engage in mining. Mr. Brunner met a very particular friend at the local depot in the person of Prof. McAdam, of the government Indian school.

Col. W. B. Slaughter and Col. W. A. Brunner, of cattle fame south of the metropolis, are at the Armijo, arriving from the south last night. The first named colonel made his famous visitation of the "Spider and the Fly" at the Armijo several years ago, and Major Llewellyn of Las Cruces, has the reputation today in his safe.

Political science Club.

The Political science Study Club at the regular meeting yesterday, found it necessary to give much time to business matters. Delegates were chosen to attend the territorial convention at Albuquerque, the 28th and 29th of April.

This was done to make sure of representation, but as the meeting is the first territorial gathering in this cause, it will be a mass convention, and it is desired to have as many attend as fit, it possible to do so. Mrs. John, just returning from Arizona, will be present with Mrs. Nelson. Las Vegas optic.

Author Club.

It is hoped that the house of representatives will pass the bill to admit New

Mexico. It has been reported by the committee on territories, but it is doubtful if it will pass the house. There is a strong prejudice in the east against admitting any more silver states, and this may operate to defeat the New Mexico bill. It will be unfortunate if it shall be so, for New Mexico has long been entitled to admission, and its growth would be greatly stimulated by the erection of a state government. Denver Republican.

Sudden death.

J. K. Law, a well known Pullman conductor, who ran between here and Albuquerque, died very suddenly after supper yesterday in the Hotel Hill. He was attacked with a stroke of apoplexy and died in his bed at the age of 50 years. The deceased was one of the most popular men in the Pullman service. His remains are being prepared by the John Goldwell Undertaking Co. and the time of interment has not yet been decided upon.

The above item is taken from the El Paso Tribune. Mr. Law was well known in this city and stopped at the San Felipe. He had charge of the Pullman coaches on the route between this city and El Paso, and was unusually well thought of by the traveling public. He was a native of England, and came to this country when quite young. F. J. Clark will have the care left vacant by the death of Mr. Law.

DEVELOPMENT AT LA BELL.

Suffering in Its Early Stages from Poor Shipping Facilities.

Henry Hartig came up yesterday from a camp in the new camp in New Mexico, just across the Colorado line, and about ten miles south of Anthony, says the Denver Republican. The camp is reached by stage from the latter point and also from Trinidad, from which point the camp is distant about sixty five miles. Said Mr. Hartig, "The camp is developing rapidly and in some of the claims there has been found which would justify shipment if the transportation facilities were better. In some instances when the veins have been uncovered and there is every prospect that the development of the present year will show great improvement. We can't expect to do much however until we get transportation as under present conditions nothing but a mule will bear the charges. The railroads are however that the ore will improve with depth constantly, and in due course shipments will commence. I am a piece of iron weighing 500 pounds, which is very rich, an average assay from the vein is 1000 dollars per ton.

Elizabethtown, Colo.—Farm work progressing well. Grain crops of the rye, barley and oats are badly injured by frost.

Calgary, Alta.—Fruit crops injured by late frosts. Farm work beginning to move forward. Range stock in condition but rats needed to start new grass. Sheep in excellent condition and in little loss.
